The JOHNSON PUBLISHING COMPANY, INC. is pleased to present the 1985 edition of the Beverly, Massachusetts City Directory.

It has always been our policy to provide accurate and comprehensive directory service to those communities that desire the "finest". We realize however that some errors and omissions are inevitable and earnestly request that these be brought to our attention by calling (303) 667-0652. These errors and omissions will be corrected in the next edition of the directory. It is only through the interest of the subscribers and users of the directory that each new edition can surpass the last.

In the public interest the use of this directory for any other purpose than as a reference volume or reproduction of any part of this directory is expressly prohibited without written permission from the publisher.

In 1932, a young lawyer fresh from Marquette University decided to publish a book. This was not an ordinary book, but a list of people, their families, occupations and other vital information — a city directory. 1932 was hardly the time to begin, but people and businesses needed this important information then, just as they do now.

Ken Erion started Johnson Publishing Company that year, and guided its growth on sound business principles and belief in a quality product designed to service his customers. Now, more than fifty years later, Johnson Publishing Company and its affiliates are still doing what Ken Erion initiated in 1932.

From one small city directory in Wisconsin, Johnson Publishing has grown to serve over 2000 communities across the United States with quality, accurate directories.

New products, enhancements of service and our rigorous commitment to place Johnson Publishing Company in a leadership role.

Beverly, Massachusetts,

"Birthplace of the American Navy."

Early American history is abundant in Beverly, Massachusetts, but few cities blend so well the old and the new. The Beverly of today was included in the territory called "Naumkeag," which was settled in 1626 by Roger Conant and his followers who sailed into Beverly harbor aboard the "Abigail," and set aside the area as a township in 1668. It was incorporated as a city in 1894. The early settlers handed down to its present generation a worthy heritage of tradition and history, along with a wealth of natural beauty and assets.

In 1968 Beverly celebrated its 300th Anniversary as a town, having been incorporated as a separate township in 1668. The Historic Trail, Yankee Homecoming, Summer Music Theater, and a Lobster Festival each year are tourist attractions.

Situated only 18 miles north of Boston, Beverly is the heart of the North Shore. It has the convenience of the city, the serenity of the country and the charm of a New England sea-faring town. Excellent transportation and modern highways, with a backdrop of nature's loveliest scenery, make it popular for living, business, industry and recreation.

Covering 15 square miles of area, it has nine miles of coastline, including smooth white sandy beaches, rocky ledges interspersed with seaside estates or neat, well kept homes. Back from the shore are wooded country lanes, with gentle rolling terrain and attractive homes. Approaching by land or by sea, the tall white spires of the churches can be seen nestled among the abundant foliage of the early planters ground.

profile continued

American pioneers Roger Conant, John Balch and other "planters" built their homes here. One of the homes, the Balch House, built in 1636, is the oldest wooden frame house in the country, and still stands as a record of early days and an attraction for visitors.

The city has many "firsts" of which to be proud. Here the first cotton mill in America was established in 1788, the first Britannia ware was manufactured in 1808, and the first Sunday School in New England was started (1810).

The first ship of the American Navy, the schooner "Hannah", was outfitted, armed, equipped and provisioned at Beverly. Commissioned by General George Washington, it sailed from here on its first cruise on September 5, 1775, and two days later brought in a prize. This important incident in history, recorded in original documents at the Library of Congress, made Beverly the Birthplace of the American Navy. Many other ships were also commissioned at this important port of revolutionary days, and at one time as many prizes were brought back to Beverly, it was necessary to construct new docks. Sixty vessels were in the harbor at one time - aided greatly the continental forces through clothing, military stores and supplies.

George Cabot in 1798 was honored by President John Adams by being named the first Secretary of the Navy.

History also reveals that baked beans originated in Beverly and later became popular in Boston. Historian Morrison noted "After teaching Boston how to bake beans, that city took credit. After showing Salem how to fish and privateer, the larger portal most absorbed her neighbor."

Beverly was the scene of the Summer White House of President William Howard Taft, and Benjamin Harrison summered here the year after he returned from the Presidency. It has been the home of many distinguished citizens, including Rev. Joseph Willard, D.D. of the First Church in Beverly, President of Harvard College in 1781; Nathan Dane, member of the Continental Congress; birthplace of poetess Lucy Larcom; both Oliver Wendell Holmes, Senior and Junior; former Senator and U.S. Delegate to the United Nations; Henry Cabot Lodge, former Ambassador William Phillips and many other famous people.

Beverly is a pleasant, residential, diversified community. From fishing, commerce and agriculture of earlier days, it has developed into a prosperous, well-balanced city. From manufacture of shoes, it grew to include the world's largest shoe machinery plant, owned by the United Shoe Machinery Corporation, Beverly's largest employer. In recent years, various types of machine tools, chemicals, metal products and electronic devices have helped expand the city's economy. Highway Route 128, opening new land for industrial use, is attracting further industry and retail trade here.

A cultural and youthful enthusiasm has grown in Beverly in recent years by the location and growth of colleges and schools including Endicott College, Gordon College, Gordon Conwell, North Shore Community College, Landmark School, Shore Country Day School, Brookwood School, North Shore Regional Vocational School, Montserrat School of Art and the North Shore Music Theater.

New homes in all sections, new churches and schools, enlarged hospital facilities and a convenient downtown shopping center have added to the ideal living conditions found in the community. Over 100 clubs and organizations include improvement associations, Beverly Historical Society, veterans' organizations, fraternal groups, United Fund, and social service agencies.

A progressive city government, an active Chamber of Commerce and a healthy business climate have multiplied natural advantages found here to make Beverly the kind of place people are proud to call their "home town."

demographics

Beverly's modern Municipal Airport serves the entire North Shore and other communities in Essex County.Located just off Route 128, it has excellent paved runways, the longest being 5,000 feet; easy access and fine service facilities.

An increase in visitors has supported three fine motels, many excellent restaurants, shops and visitor services.

The library includes reading and reference rooms, art and genealogy rooms, offices and storage rooms. 100% ACCURACY

It's an admirable goal to shoot for in publishing City directories...

But - with the thousands of subscribers to be listed, changed addresses and new numbers, we hope you understand how an error could occur.

Your name, address and telephone number in this directory likely are correct. But, if by any chance they are not, you'll do us a favor by telephoning or writing our business office.

We'll correct our records promptly so it will appear the way it should in the next issue.

Lack of advertising . . . beneficial to some!

When Mark Twain was a young man, he was editor and publisher of a growing newspaper in a small Missouri town. One day he received a letter from one of his subscribers. The subscriber said that he had found a spider in that morning's edition of his paper. He wanted to know if this was an omen of good luck, or of bad luck. Mark Twain, a hustling space salesman as well as an editor, wrote to his customer:

Dear Sir:

Finding the spider in your newspaper yesterday morning was neither good luck or bad luck for you. The spider was merely looking over our paper to see which of the town's merchants is not advertising. He will then go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward.

Act now! Arrange for your Ad to appear in our next edition.

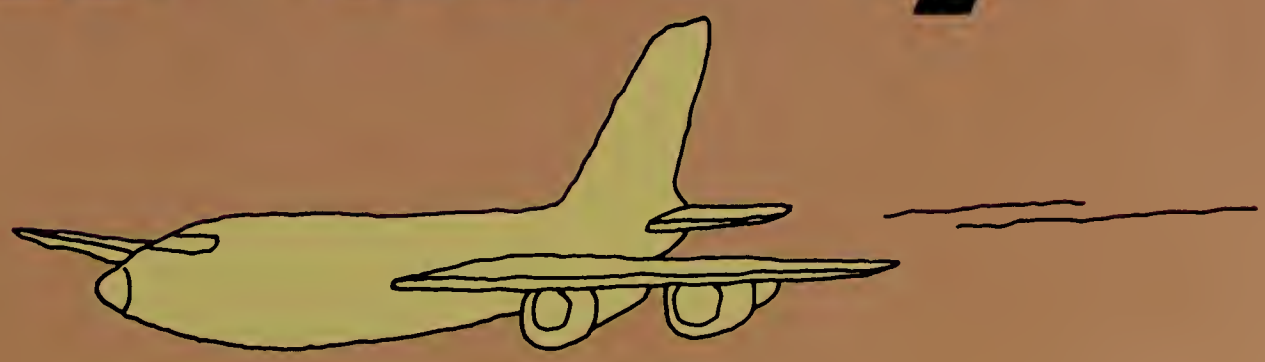
Reliability



An annual city directory delivers more mileage for every ad dollar than any other medium. Implicit in every directory ad is the message that this advertiser plans to be around for a long, long time. Fly-by-nights will not buy a space months in advance of publication for exposure that will continue for several years.

Heart Answers

WHAT IS HARDENING OF THE ARTERIES?

A common form of hardening of the arteries is atherosclerosis. It occurs when fatty deposits in the blood-stream build up on the inner walls of the arteries. People who have atherosclerosis are more likely to suffer a heart attack or stroke. The risk of developing atherosclerosis can be reduced by observing a diet low in saturated fats and cholesterol. Contact your local American Heart Association for more information.
